What We Do

- SunteckTTS is a multi-mode transportation solutions provider operating through a network of sales, operations and capacity specialists.
- As a **Top 10 freight broker**, SunteckTTS has a unique market advantage: asset-based motor carrier with capacity to provide over-the-road van and refrigerated truckload, intermodal container dray and expedited services.
- SunteckTTS has two operating divisions supported by the industries' best back office technology and people:
 - Brokerage Division
 - Asset Division

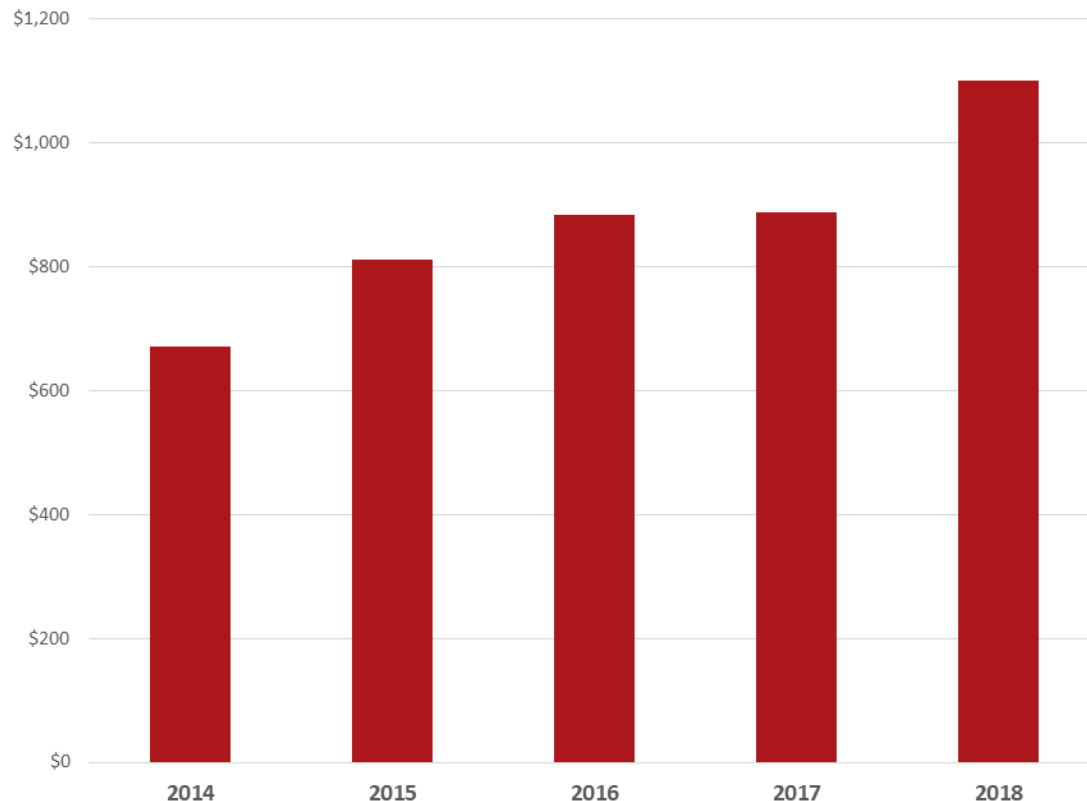

SUNTECK*tts*®

Over 200 Agent Offices Nationwide

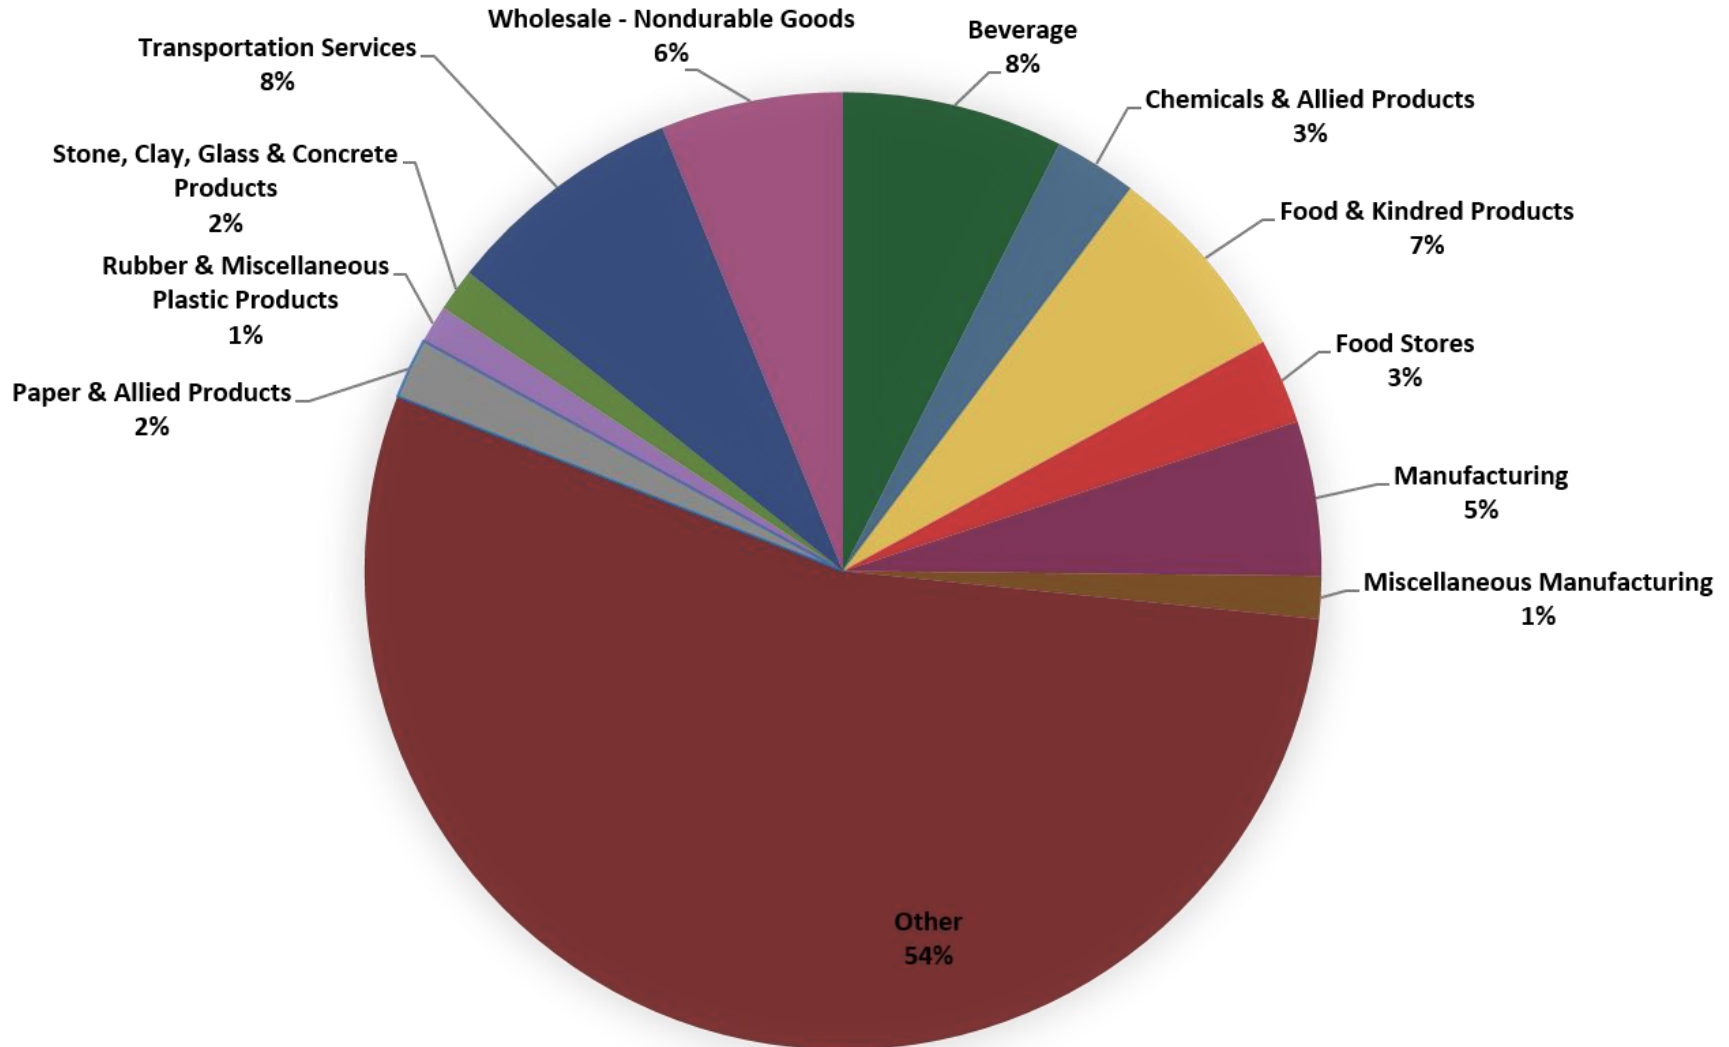

Steady Growth

- SunteckTTS is one of the largest multimodal, agent-based freight management service providers in the U.S., over \$1 billion in gross revenue, and managing more than 900,000 intermodal, truckload and less-than-truckload shipments annually.

Revenue Base/Mix
